** Winemakers of the year 2021 by Tim Akin MW.*

The experiences in other wineries of both José Félix (Petrus - France, 1999; Torres - Chile, 2000) and Noelia (Araujo - Napa, 2007 and 2010; Cobos - Mendoza, 2008) have provided the basis for further developing a philosophy *based on the soil and to be **Vignerons***.

In the year 2000, we began to work in an *ecological* way in our vineyards, a clean, respectful viticulture, full of life for the soils and therefore for our wines.

This step, *made us and makes us return to the past to be able to look to the future*. Observe our surroundings, the landscape that surrounds us, the culture that we have acquired thanks to our ancestors always linked to the world of wine and the authenticity of our land.

Flores

"The virtue of simple things"

Flores

“The search for freshness, for the primary are the reasons that lead us to make Flores de Callejo. Our commitment to freshness is expressed in this wine, fruitiness, liveliness and purity of the most raw Tinto Fino”

José Félix y Noelia Callejo
Winemakers

Our landscape is located in the village of **Sotillo de la Ribera**, province of Burgos, on the northern edge of the Duero river basin, in a privileged environment, due to its high **altitude (830 - 930 m)**, where the moors (*páramo*) of the highest areas, with limestone soils, give way as we follow the erosion of the valley, to gravel soils (old river beds), sandy areas in the pine area, and clays in the lower areas .

Vintage 2022

INFORMATION

The 2022 vintage is considered the warmest in recent years. Rainfall was low and during the cycle from October 2021 to September 2022 only 297 mm of rain was recorded. This scarcity of water, together with some months of June and July with abnormally high temperatures both during the day and at night, caused an advance in the vine cycle of about 10 days compared to the previous year.

The harvest is brought forward to **September 8** with the aim of picking a fruit with good acidity and fresh character; to avoid overripeness. The altitude of our vineyards and management of the canopy with ripening under shade, has compensated for the warm climate of this vintage and we have obtained fluid and fresh wines. We feel very happy with the result!
